1. INTRODUCTION

The Lombardo Associates, Inc. team in association with Stafford Consultants, Inc. has contracted with the Fayette County Commission to undertake the following tasks to develop a comprehensive wastewater management plan for Fayette County:

- Form project advisory committee and identify local coordinator
- Develop a public participation plan
- Review previous planning efforts
- Assemble a community profile
- Identify existing wastewater needs
- Identify and screen technology, management, and financing options
- Evaluate alternatives and prepare preferred capital improvement plan
